

ECSS 2007 4th European Conference on Severe Storms, Trieste, Italy, 10-14 September 2007

Authors guidelines

Here below the guidelines for Authors of oral and poster contributions are listed. Please try to follow them to reduce the solicitations to the technical support that will follow and manage the development of the Conference. For further doubts or questions do not hesitate to contact the Conference organizers.

Oral Presentations

Oral presentations will last no more than **20 minutes**. Authors might prepare their presentations using either **Microsoft PowerPoint**, **Adobe PDF** or **transparencies**. The Authors might use their own laptop, but this is discouraged. On the contrary, it is encouraged the upload of presentations on the computers of the Conference Room well before the corresponding session. Chairs of each session will have the task to invite Authors to upload their files on the computer devoted to the presentations located in the Conference Room. If not explicitly declared by Authors, **all the presentations will be collected and made available on the Conference web site** after the end of the Conference.

Poster Presentations

Posters should be in **portrait orientation** and should have the fixed dimensions of **A1 ISO 216 paper size (nearly 60 cm wide, 85 cm high)**. Posters will not be orally presented but, if Authors would like, they can upload their poster in Adobe PDF format on the computers of the Conference Room. These uploaded posters will be inserted on the Conference web page after the end of the Conference. PDF files size should be less than 1.5 MB. At the end of the Conference, posters left exposed will not be returned back to the Authors. Corresponding Authors of the posters are encouraged to insert their **picture** as well as their **mail** and **e-mail address** into their poster to be easily recognized and contacted by potentially interested colleagues. Authors are encouraged to bring at the Conference a few reduced size copies (**A4** or **letter** paper size) of their own poster to be left at the bottom of their exposition magnetic board location to increase the spread of information and promotion of ideas.
