**The status as ESSL Supporter automatically ends at the end of the calendar year a payment was made for.**

The donator and ESSL do not enter into a contractual relationship. This means that no formal termination is required. You can support the ESSL as long as you want. You have no further obligations. ESSL has no further obligations. ESSL can end the "ESSL Supporter" programme at each end of a calendar year. As a non-profit research organisation, the ESSL is entitled to provide donators with formal contribution receipts for their donations. An ESSL Supporter is a donator. This makes the donations tax-deductible in Germany and some other countries. The formal contribution receipt will be sent to the ESSL Supporters on request after the end of the calendar year.

I wish to receive ESSL Newsletters and Email notifications (typically a few per year).

I wish to be listed with my full name as "ESSL Supporter" on the ESSL webpage.
